

PUBLIC SUPPORT

P1101

Public support is dependent upon the maintenance of good public opinion. Opinions are formed on the basis of available information or the lack thereof. Misinformation grows where an information voids exists. The School Committee will maintain a continuing information program for compiling and distributing news of events, noteworthy facts, statistics, plans, and forecasts necessary to the creation of an interested and informed public.

Meeting the needs of the community and gaining the support to meet those needs depends upon two-way communication between the School Committee and the public. The School Committee, therefore, encourages the use of a variety of means for enabling the community to make known its desires and the School Committee to make known its plans and actions.
