

COMMUNITY ORGANIZATIONS AND GOVERNMENT AGENCIES

P1405

The Westford Public Schools have the primary responsibility for the children and youth of the community. The School Committee recognizes that many governmental agencies and community organizations, while not primarily concerned with education, play a definite role in education. The School Committee and Superintendent or designee will work cooperatively with all government agencies that work with students during the school year.

It is the desire of the School Committee to establish positive working relationships with all other public and private organizations that contribute to the education process and to the general welfare of the citizens of the community.
