Bradley played 4 years in our soccer program with only one year at the varsity level when he served as our back up goal keeper. As our back up keeper, Brad got to play in only a few games his senior year. During the back half of the year, he even had to share playing time with a younger keeper being groomed for the future. During this, Brad never once wavered from his commitment to himself and our team. Brad was an exceptionally hard worker, pushing the other goalkeepers with his hard work to improve. During games, he supported his teammates throughout the season, cheering their success and yelling out support during play. He was generally the first off the bench to shake the hands of his team mates after a tough game. Brad's first two opportunities to play came when our starting keeper received a yellow card. Brad was called on to step in without the opportunity to warm up into games against two of our toughest opponents. Brad jumped in and was tremendous, stopping several tough shots and a break away.

I would like to nominate Brad for this scholarship. Brad gave to our team an outstanding role model for commitment and sportsmanship. He was the consummate teammate, sacrificing for the success of the team never wavering in his total support and enthusiasm.
